

## SEMI AUTOMATIC PISTON FILLING MACHINE FOR FREE FLOWING LIQUIDS

### Overview

Right Stuff Equipment Piston Fillers are a great entry level option. Machines can be purchased as a table top unit or on its own stand with casters. This volumetric piston filler pulls liquids and other low viscosity products directly from a tank or drum which eliminates the need for a product hopper. This configuration is referred to as a direct draw. These piston fillers can also be used as a metering pump to dispense a controlled volume if necessary. Cleaning is a simple process.

With a simple press of a foot pedal, the exact quantity of product is drawn from the hopper or drum and dispensed into the container. The machine operates in single fill mode or auto mode. In the single fill mode, the filler stands by until the foot pedal is depressed. With the flip of a switch the machine is in auto mode and cycles automatically. Flow controls allow you to increase or decrease the speed of the fill.

**STAINLESS STEEL  
CONSTRUCTION**

### Features

- Fills liquids and light viscosity fluids
- Available with 1 or 2 Heads in a variety of piston sizes ranging in volume
- Cone shaped stainless steel product hopper with cover
- Filling Speeds: Up to 30 b.p.m. (depends on product and container size)
- Fill accuracy: +/- 0.25%
- Air Requirements: 2-5cfm @ 90-psi
- All 304 stainless steel sanitary contact parts. Suitable for food and some pharmaceutical applications
- Bottom close positive shutoff nozzles option ensures drip free operations (sized for your application)
- Small footprint for simple bench or stand mobile mounting
- Quick release nozzle and feed pipe
- Pneumatic operation suitable for hazardous areas or wash down facilities
- Replacement parts always in stock
- Free Phone Support

### FILLING APPLICATIONS

**LIQUIDS  
LIGHT OILS  
OTHER LIGHT  
VISCOSITY FLUIDS**

#### Single Liquid Filling Machine

Filling Range	Model
25-60ml	SLF 25.60
50-125ml	SLF 50.125
100-250ml	SLF 100.250
200-500ml	SLF 200.500
400-1000ml	SLF 400.1000
800-2500ml	SLF 800.2500
2000-5000ml	SLF 2000.5000

#### Double Liquid Filling Machine

Filling Range	Model
25-60ml	DLF 25.60
50-125ml	DLF 50.125
100-250ml	DLF 100.250
200-500ml	DLF 200.500
400-1000ml	DLF 400.1000
800-2500ml	DLF 800.2500
2000-5000ml	DLF 2000.5000

## INTEGRATED SOLUTIONS

With an experienced engineering team, Right Stuff Equipment can handle your entire packaging line integration for you. Right Stuff Equipment builds the support structure, infeed, take away and accumulation in house; saving you money. Our OEM partners allow us to provide a fully integrated solution as a single service.

- Installation & Training
- Full warranty parts for one year w/ 2 year option
- Free telephone technical support

## FINANCING & LEASING

Right Stuff Equipment provides financing and leasing options for new and used equipment. This allows our customers the opportunity to generate a positive cash flow immediately after equipment installation.
